

JOURNAL

OFFICE OF THE LEGISLATIVE COUNSEL

Wednesday - 1 March 1967

1. [] Called Congressman Leonard Farbstein's (D., N.Y.) office and attempted to make an appointment with him as a followup to his conversation with the Director. His appointment secretary informed me she would call when he can see me. I called again at the end of the day and she apologized for not having called me as the Congressman had been unavailable throughout the day. She reiterated that she will call me when he has time to see me.
2. [] The Director briefed the full House Armed Services Committee for approximately an hour and a half on the Soviet and Chinese Communist posture. A transcript was taken. See Memorandum for the Record for further details.
3. [] Met with Representative Lee Hamilton at his request. The purpose was to give him a general briefing on the place of the Agency in the Government hierarchy. I went over this with him in some detail answering all of his questions. He stated he was a supporter of the Agency but did have some concern that operational activities should not be within the scope of the Agency's mission. He added that he was a strong supporter of the Agency.
4. [] Mr. Moore, on the staff of the Joint Economic Committee, called to see if it would be possible for the Director to appear before the Joint Committee in two or three weeks to discuss the economy of Communist China. He specifically requested that this be open session and unclassified and that they would not wish an executive session. I indicated that I thought there might be problems but I would look into this and advise.
5. [] Called Mr. Jordan, in the office of Senator Richard B. Russell, to advise that one [] had entered on duty with the Agency on 20 February 1967.
